If you can't do it – suggest John and Gautam.

Copying crystal to figure this out. Greg sounds like you should do this meeting given mining connection. I am only available next Tuesday after 4 PM

Greg and Ellen,

Any chance either of you are available to meet next Tuesday with Alan Minz and corporate reps from the Canadian company that has acquired interest in the proposed Rosemont mine outside Tucson, AZ. We have a big conflict with the Wetlands National meeting and the Region 3 Regional review – I assume Ken will be there, if not, please alert him to this meeting request, as he has attended meetings with these folks in the past.

Let me know your thoughts.

Alan,

I am not in the office next Tuesday, and initially thought Acting Wetlands Division Director, John Goodin, would be a good alternative for you to meet with.

But John and his managers, and some of his senior staff, will be meeting with our Regional Wetlands Managers in their annual workshop next week. Also, next Tuesday is our triennial Regional Review meeting with Region 3 (Philadelphia) and OWOW Director Benita Best Wong, and other OW senior managers are out of the office as well.

I'll check with John whether he has staff remaining with knowledge of Rosemont who could attend a meeting, and at same time check with the Office of Water on whether there is a possibility of anyone from there participating as well.

For now, can't make a firm commitment to a meeting next Tuesday, but will be back in touch as I learn more what may be possible.

Thanks for understanding.

Darren,

It was a pleasure to talk with you this morning. As we discussed, I have clients who will be in D.C. next Tuesday, June 16, for meetings with Federal officials. The clients are officials with Hudbay Minerals, Inc., the parent company of the proposed Rosemont mine project in southern Arizona.

Hudbay and Rosemont officials have met in the past to discuss the proposed project with Ken Kopocis and David Evans. I have been informed that Ken Kopocis will not be in town next Tuesday and his office suggested that we follow up with you on the hope that we can schedule a meeting with David Evans next Tuesday.

Our schedule next Tuesday is already a bit complicated. Possible meeting times that would work best for us would be between noon and 2 p.m. or any time after 3:45 p.m. Please let me know what might work best for David and you.

Thanks again for your time and consideration in this matter. Much appreciated.
